

LIBRARY SHELVING

Committed to Excellence in
Design, Quality, and Service.

We manufacture a wide range of Library Shelving as well as a growing catalogue of bespoke library storage solutions, designed through decades of experience. Our comprehensive Library Shelving range is adaptable to any environment from small collections through to large-scale libraries and there is a system suitable for every budget.

Aspect

Our most popular system, Aspect is a traditional cantilever shelving system found in most libraries around the world. Distinguished by its shelf brackets which are also functional as dividers to organise collections.

Aspire

A modern system, Aspire is robust all-steel shelving that brings a contemporary touch to traditional libraries. Aspire Library Shelving is identified by its open post uprights, which also makes it a very cost-effective system, ideal when working with a set budget.

Assure

Comprised of steel shelving with MFC uprights to combine strength and longevity with the traditional library aesthetic.

Curved Bookcases

With our flexible manufacturing capabilities, we can make bespoke designed curved MFC bookcases for a unique library space.

Custom Features

- A wide range of standard or premium finishes.
- Mobile bases for convenient maneuverability.
- All systems can be fully clad in MFC.
- Optional End Panels to enhance display or add colour.
- Optional perforated end panels to regulate airflow.
- Combine with display and storage units.
