

# LOCKERS

Our versatile manufacturing process facilitates the production of lockers in either Steel, MFC, Compact Laminate, Plywood or a combination, with no constraints on size per locker or scale of the overall project. Our lockers can be designed around any dimensions and customised with company branding.

- Flexible & Customisable Design
- Highly Scaleable
- Increase Security

## Office

Our lockers can be blended seamlessly with any office environment and integrated with other storage or display units to create a unique and functional space whilst providing a secure space for employees.

## Bespoke

As the trend of customisable lockers is explored, it is important to seek cost-effective ways to add value for clients by presenting them with inspiring and unique design ideas that meet their storage needs. Discuss with us ways we can create a unique design for you.

## Gym

Gyms and other public spaces require a secure storage space for their customers. We design and manufacture modern, sleek gym lockers, either standard or Smart, integrated with individual company software for digital self-management.

## Smart Lockers

Together with our incredibly experienced partners at Capsa Digital, we've developed a fully comprehensive Smart Locker product, combining the hardware, software, and aftercare into one elegant solution designed to digitise asset management and streamline processes.

Contact us on **0117 982 2882** or **info@moduflex.co.uk** to discuss your project  
Visit **[www.moduflex.co.uk/lockers](http://www.moduflex.co.uk/lockers)** for more information.

Systems are designed and manufactured in the UK, conforming to ISO **9001** and **45001**. We also operate an environmental management system that complies with **ISO 14001**.
