

OFFICE FURNITURE

Committed to Excellence in Design, Quality, and Service.

An office refurbishment is an exciting opportunity to showcase the company's style and branding, but it can also be a challenging and disruptive project. Whether you have a limited or expansive office space, we will work closely with you and any other 3rd parties to make the process as smooth as possible for you and your client, bringing your vision to life in a competitive lead time.

Desking

Our office desking is incredibly durable and practical, as well as stylish. We can easily integrate storage to reduce clutter in the office. We are always happy to liaise with 3rd parties to align requirements for IT equipment to make the process as smooth as possible.

Mobile Bases & Shelving

We've been manufacturing mobile systems for over 30 years, continuing to adapt and improve the mechanics into a diverse range suitable for both industrial and commercial environments. We supply the bases alone, combined with our shelving, or with your existing shelving.

Storage Walls & Units

An increasingly popular product thanks to its wide range of functions, our storage walls provide you with compact storage space as well as endless options for individual display units, lockers, drawers, planters, bins and more for an organised and functional office environment.

Lockers

Our Steel or MFC lockers can be blended seamlessly with any office environment and integrated with other storage or display units to create a unique and functional space whilst providing security to your employees.

Contact us on **0117 982 2882** or **info@moduflex.co.uk** to discuss your project.
Visit **www.moduflex.co.uk/office** for more information.

Systems are designed and manufactured in the UK, conforming to ISO **9001** and **45001**. We also operate an environmental management system that complies with **ISO 14001**.

CASE STUDY

Zutombel Office Fitout

The Light Centre is a working showroom that needs to reflect their brand whilst developing a space that means clients can experience light and its effects in a unique way. Simple but effective design details were applied to maximise light, such as creating raised storage units. Modern soft seating was carefully selected to complement the office space.

"Authentic staging makes it possible to experience light and its effects in a completely unique way. Our new Light Centre will help drive our concepts, innovations and education further by enabling us to cater to the specific requirements of our customers in a custom made space."

Key Features:

- Bench 50 desking with slimline contrast edged tops
- Stylish raised storage units with contrast edges
- Under lit raised storage units
- Bespoke pen trays in keeping with minimalist theme
- Bespoke meeting table
- Vibrant soft seating solutions
