

PICTURE RACKING

Our Picture Racking solutions are used by art galleries, museums, and private collectors and designed to accommodate expanding collections of artefacts, photographs, and other artwork. Our systems ensure the safe preservation of valuable assets whilst optimising your storage capacity.

- Increase Available Space
- Integrate with Existing Storage
- Flexible & Customisable Design

Goal Post (“Pull-Out”)

- Self-supporting with no excessive anchorage to surroundings
- Adaptable to awkward or limited spaces
- No complex drawings or surveys are required for us to quote

Mobile Base

- Mounted on mobile base and rolled with lockable handwheels
- Compacted to increase available floor space
- Protect artwork from light and other environmental factors

Wall Mounted Static

- Utilise available wall space to preserve floor space
- We manufacture any additional components required for fixing
- Ideal for public exhibitions

Toast Rack Shelving

- Vertical design to easily store collection in sections
- Enhanced protection with dust proofing
- Regulate airflow with optional perforated drawers or walls

Side-Sliding

- Ideal for venues with limited or narrow space available
- Maximise surface area of wall space without occupying floor space
- Less permanent fixture, perfect for temporary exhibitions
